23RD TO 25TH**

**ROME,  
ITALY**

# ABOUT THE INTERNATIONAL SEMINAR

A high-angle, wide shot of the interior of the dome of St. Peter's Basilica in Rome. The dome is covered in intricate golden mosaics and frescoes, with a central circular medallion featuring a sun and the Latin inscription 'SPES BONA'. The architecture is grand and ornate, with multiple levels of arches and windows.

Annually, the **International Seminar of the International Cooperation Group of Brazilian Universities** are attended by representatives of higher education institutions, diplomats, government authorities and representatives of international organizations from approximately 40 countries, located in five continents.

This year, the International Seminar will be held in partnership with **Tor Vergata University** and **Roma Tre University**, with the main theme: “International Academic Cooperation: Towards a Sustainable, Inclusive and Multicultural World.”

The events are supported by the Embassy of Brazil in Rome, as part of the celebrations of the 150 years of Italian immigration to Brazil.
